Tariff plan

1 MB of transferred / received data

20 AMD

Migration to this tariff is closed.

All prices are indicated in AMD, including VAT.

Tariffication is done in seconds, starting from the 1st second.

The operator monthly provides invoice to subscriber for provided services (at the end of billing cycle) according to the operator's actual tariffs.

The monthly fee is calculated on a daily basis.

The volume of the transferred / received data is rounded to the highest value in the billing period - up to 10 KB accurate.
