Terms

In the case of a zero balance, applications will work if there are enough MBs to generate an Internet session. If the account balance is zero and there is no MB on the Internet balance, Internet access will be blocked.

If the remaining balance of activated Internet package is less than 1MB and you simultaneously generate more than one internet session, in this case, the remaining balance of the internet package will be used only for the first Internet session, all the other sessions will be charged in accordance with your Tariff Plan conditions.

Calls to Russia

Free minutes to Beeline mobile network of Russia can be used by dialing the number in the following format: *88* 00 (country code) (telephone number) or direct dialing.

When dialing via *88* or direct dialing the call is not tariffed only to Team mobile network in Russia that starts with the following codes:

Direction	Exit code	Country code	Mobile network code
"Beeline" (Russia)	00	7	900335-900344, 90205-90207, 90252, 902553-902557, 902559, 903, 90462, 905-906, 90844-90845, 908460-908464, 90896-90899, 909, 95100-95102, 95320-95322, 96, 9786

In case you haven't pay for the service package COMBO after 30 days from its activation date, free mobile inclusions will be suspended.

If you have been suspended for 60 days, your service package will be cancelled, including fixed Internet.

To resume the service package please contact the nearest office of Team.

TeamTV mobile application does not consume internet megabytes and is available all over the country.

New or current Team users subscribed to a different tariff plan may Join to Combo Max for free access to the TeamTV package, which will be enabled automatically. Login and password will be sent through SMS in order to insert them in the required fields of TeamTV application correspondingly.

Current Combo Max tariff plans subscribers may get free access to the TeamTV channels by dialling the command *818# from your mobile. Login and password will be sent through SMS in order to insert them in the required fields of TeamTV application correspondingly.

With username received by SMS, you can connect to 3 TeamTV devices simultaneously.

Using TeamTV without consuming megabytes means that upon enabling Combo Max plan, the megabytes included in the package shall not be used while watching TeamTV in 3G or 4G (LTE) mobile networks and no additional fees shall be charged from your balance.

In case you forgot your login or password? Please dial *812# command from your mobile and the login and password will be sent to you via text message.

The free access to the TeamTV package without consuming Internet megabytes is active for 30 days, after which only “<1” channel will be available for subscribers,

and the Internet will be charged in accordance with the corresponding Tariff Plan conditions.

TeamTV application is available On all smartphones and tabs with operating systems iOS 9.0 and Android 6 and above. Broadcasting is conducted by “TEAM” CJSC.

If the internet package has expired

You can turn on main phone number:

- Internet Packages:[Giga 1+1GB](#), [Giga 2+1GB](#), [Giga 5+1GB](#), [Giga 10 GB](#), [Giga 15 GB](#).
- [Mega 300+](#) or [Mega 500+](#) services.

Important! When "Mega" service is activated, it has a higher priority, i.e. after consuming the free "Mega" internet package and in case of main number free service package availability, 1 MB price is 5 AMD until the service is disconnected. In this case, TeamTV app Internet traffic is also charged. The MBs provided by the service will be exhausted in parallel with the MB package included in the main number service package.

You can activate the “Online” service for additional mobile numbers - 500 minutes for calls within the Team network and 1 GB of mobile Internet for 500 AMD.
