Terms and Conditions

If less than 1 MB remains in the internet package and multiple simultaneous internet sessions are in use, the remaining data will only be consumed by the first session. All other sessions will be charged per MB according to the tariff plan.

A Wi-Fi router is provided for free use.

The service is available **only in the regions of the Republic of Armenia**.

The next-generation wireless network provides stable internet access, even in the most remote settlements of the regions.

The unique Wi-Fi router allows you to access the internet regardless of your home's location within the region.

If the internet package has expired

You can turn on:

- Internet Packages: [Giga 1+1 ԳԲ](#), [Giga 2+1 ԳԲ](#), [Giga 5+1 ԳԲ](#), [Giga 10 ԳԲ](#), [Giga 15 ԳԲ](#):
- [Mega 300](#) or [Mega 500](#) services.

Important! When "Mega" service is activated, it has a higher priority, i.e. after consuming the free "Mega" internet package and in case of main number free service package availability, 1 MB price is 5 AMD until the service is disconnected. In this case TeamTV app Internet traffic is also charged. The MBs provided by the service will be exhausted in parallel with the MB package included in main number service package.
